

Declaration of non-completion of third-cycle studies

A declaration for non-completion of third-cycle studies is made by a written application from the doctoral student and signed by the School. Deregistration in the Doctoral Student Records (forskarLadok) is administered by the School. To resume studies a new admission decision is required. The School is responsible for ensuring that doctoral students failing to complete their studies report this.

Details of the doctoral student

Name	Personal identity number
Postal address	Telephone
Postcode	City

Admitted to third-cycle studies

Subject for third-cycle studies

Reason for declaration of non-completion of studies (non-obligatory information)

--

Date of termination of studies
